Subject: for GovDelivery - announcement about EMF open houses
Date: Monday, February 23, 2015 11:40:00 AM

Hi, Kay –

Is there a GovDelivery list for EMF? If so, here's a message for it, announcing the open houses. Please let me know if this reads okay, and if you have any edits or adjustments, please let me know.

Thanks! – Julie

You're invited to come learn about the ongoing work at the Eastern Michaud Flats Superfund Site!

EPA is hosting two informal community open houses where you can come and get information about the current efforts to address contaminated soils and groundwater at the Simplot Don Plant and the former FMC Corporation property west of Pocatello. A number of posters will be on display to help you better understand the Superfund activities at these sites. Representatives from EPA's Superfund Program will be available to discuss the past, current and future activities at these two sites and to take any questions you might have regarding the status of the Superfund work.

Please share this announcement with your organization members, neighbors, community members and others.

Wednesday, March 11

4:00 – 7:30pm
